How Does It Work?

If you are approved as a HelpSquad Affiliate, we will provide you the specific url to add to your website. All you have to do is sit back, relax and collect unlimited amounts of income!*

What Do You Need To Do?

Sign up for a free trial, understand the value that HelpSquad brings to a business and become a client after the trial. At the same time when you sign up for the trial, contact Alan.Rhode@helpsquad.com and in the subject line please put your company name, followed by Affiliate Program. Alan will be in touch and walk you through the rest!

What Do We Need To Do?

For every free trial that converts to a client, we provide you with monthly income!* The first year you receive 10% of the monthly revenue of the client. In year two, you get 5% a month. Finally, you get 1% a month in year 3. That is 36 months of possible income* or as long as the referral is a client!

(*income first reduces the cost of HelpSquad. Excess income will be sent via direct deposit or check)
